Procedure Medication Instructions

GENERAL INSTRUCTIONS:

All patients should review their procedure and medication instructions at least 5 days in advance of their procedure. If you are having a colonoscopy do not forget to stop iron supplements 5 days in advance. It is important that you take your medications as instructed. If you have questions, please call our office during regular business hours. Do not wait until the evening before your procedure.

Disclaimer: This document contains information and/or instructional materials developed by Blair Gastroenterology Associates for the typical patient with your condition. It does not replace medical advice from your health care provider because your experience may differ from that of the typical patient. Talk to your health care provider if you have any questions about this document, your condition, or your treatment plan.
